Greetings

인사말

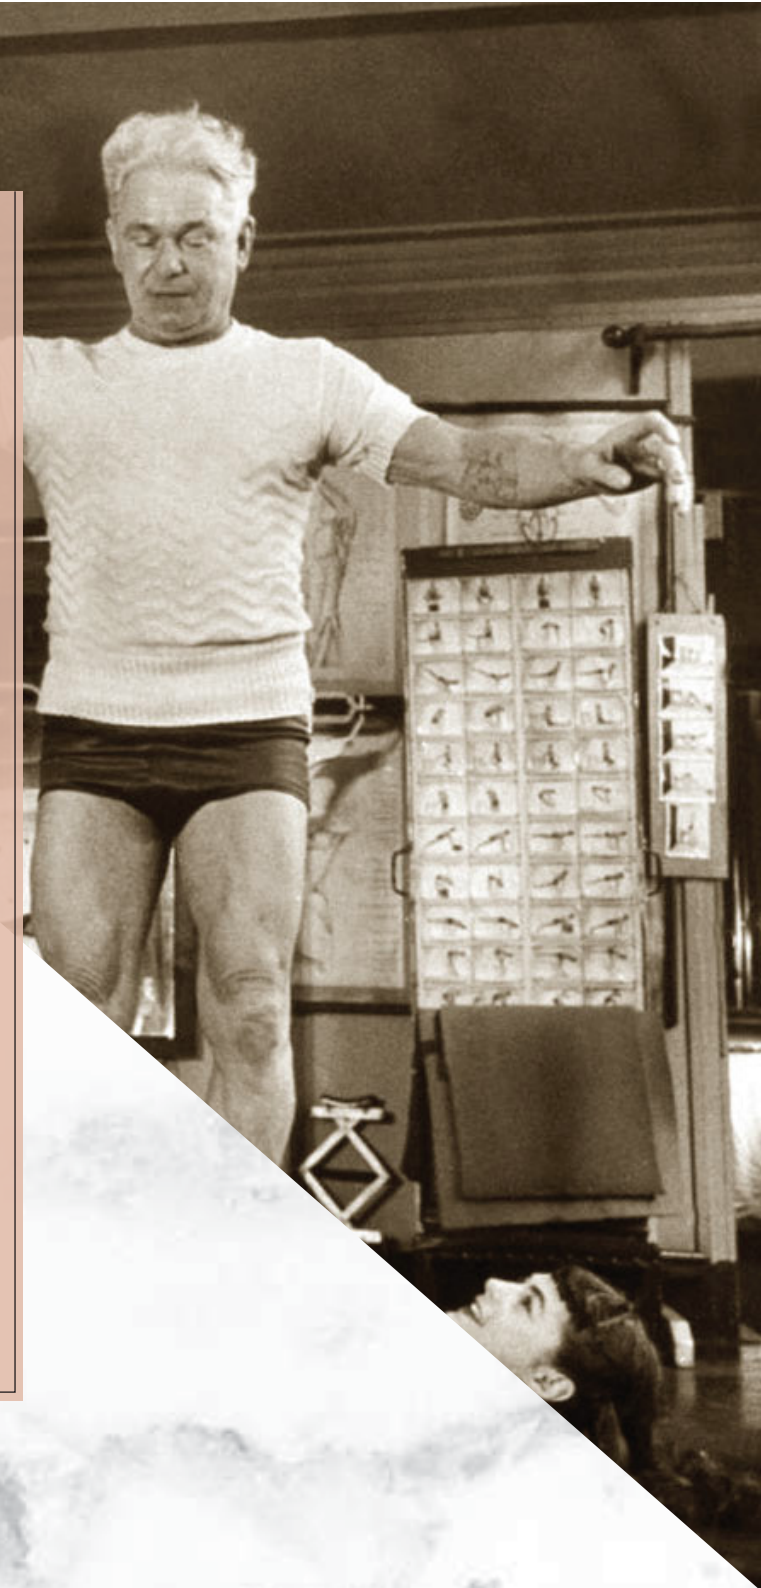

intoPilates Co., Ltd aims to manufacture more basic Pilates apparatus through a custom-made production system. We are working hard to make the best Pilates apparatus paying careful attention to from the selection of wood and to the very small bolt. Because of our Pilates apparatus, Pilates has been already gradually proliferating not only as a rehabilitation exercise but also as training in Korea. However, in order to become truly popular, it true that some factors are needed to support and improve. AS expensive imported apparatus also attributes to the hindrance of Pilates growth, intoPilates is aiming to contribute to the popularization of Pilates by the smooth supply of apparatus. Since it is a challenging product that to produce without craftsmanship, we produce products with a flat-out effort in every process and provide continuous A/S for customer satisfaction.

We are the first company in Korea to manufacture only Pilates apparatus and manufacture and manage all products directly.

콤비리포머

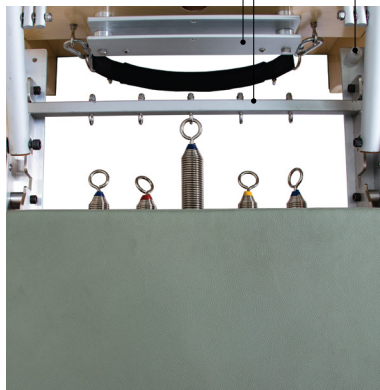

- Combi Reformer
- L 2370 X W 655 X H 1760 MM

With the help of the **Combi-reformer**, well-balanced workouts on the mat are possible and, and it is also used for rehabilitation exercises or for balancing the spine and muscles. It is an apparatus focused on qualitative strengthening and balance rather than quantitative strengthening of muscles. Compared to Modern reformer, it is possible to transform the Combi-reformer, which is suitable for narrow space utilization. It has become an important exercise and treatment apparatus in Pilates studio, chiropractic, physical therapist, osteopathic doctor, and rehabilitation clinic.
